Interests

About Me

As a seasoned frontend developer, I bring forth extensive expertise in crafting dynamic and intuitive user interfaces. With over 7+ years of hands-on experience, I have honed my skills in leveraging various frontend technologies and frameworks to deliver exceptional web and mobile applications. Throughout my career, I have played a pivotal role in spearheading the development and successful launch of cutting-edge websites and applications, ensuring seamless user experiences and visually captivating designs. My passion for frontend development is evident in my ability to create robust, responsive, and user-friendly interfaces that meet the highest standards of quality and aesthetics.

Experience

June 2022- Present

Toothsi | Mumbai, Maharashtra, India

Software Developer Engineer III

Utilising the power of Next.js, a React framework, I contributed in the smooth development of high-performance and SEO-friendly web interfaces for both web and mobile applications. My responsibilities encompassed overseeing the entire Teeth scan booking journey, starting from user onboarding all the way through to Teeth aligners delivery. I also played a crucial role in website speed optimisation. I implemented various techniques and strategies to enhance the website's performance, ensuring a seamless and swift user experience. I took the lead in implementing Core Web Vitals metrics, consistently ensuring that the website exceeded Google's performance standards.

May 2021 - June 2022

Intech Creative Services | Gandhinagar, Gujarat, India

Senior Software Developer

Played a pivotal role in the frontend development team at INTECH's mainstream client DPWorld, a global leader in logistics and supply chain solutions. Stayed abreast of industry trends and emerging technologies, proposing innovative solutions to improve the performance and user experience of DPWorld's digital platforms.

March 2019 - May 2021

Encora Inc. | Ahmedabad, Gujarat, India

Software Developer

Served as a frontend developer for Encora, working on projects for Nebraska Furniture Mart (NFM), a renowned retailer in the furniture and home decor industry. Collaborated closely with the NFM team to create and enhance user interfaces for their web applications, focusing on delivering exceptional user experiences.

Oct 2015 - March 2019

Infosys Ltd | Bangalore, India

System Engineer

I held the role of a software engineer. In this position, I had the opportunity to work on various projects, including mobile app development using the Ionic framework. Notably, I worked on projects for Infosys's esteemed clients, PwC and British Telecom.
